12 December 2011

Peter Cortez  
Managing Director  
Enviro Fuels & Chemicals Ltd  
Blantyre

Dear Peter

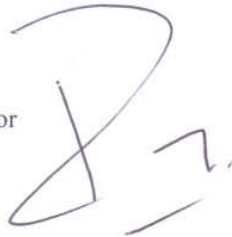

Thank you for coming to our assistance with the delivery of 54000 liters of Biodiesel supplied to us during a period when we were experiencing interruptions with ESCOM Power supply and dire shortages of diesel fuel from our regular supplier.

The biodiesel was used in all aspects of our operation necessary for the process and manufacture of green leaf to made tea.

Without your prompt action our factories were in danger of being unable to manufacture which would have resulted in financial loss not only to Eastern Produce Malawi Limited, but also Malawi as a country would have suffered as well through loss of foreign exchange earnings.

Yours Sincerely,

R.S. Illingworth  
Operations Director
